

Bracklyn Wind Farm

**OCTOBER
2022**

**BRACKLYN
WIND FARM
COMMUNITY
UPDATE**

Bracklyn Wind Farm

As promised through all stages of pre-planning, the Bracklyn wind farm team are keeping the community informed of the ongoing plan for the development.

The team wish to advise you of our intention to commence **site investigation** works in **November/ December 22.**

Site investigation works will mainly include soil sampling and rotary cores. You may see an excavator and drilling rig working on site for a period of 4-6 weeks. Bracklyn Wind Farm want to point out the upcoming site investigation works is not the commencement of construction of the wind farm.

Should you have any questions relating to these surveys, please do not hesitate to contact us on:
